Education

Indian Institute of Information Technology, Bhagalpur   **2021 - 2025**
B.Tech in Computer Science & Engineering   *7.93/10 CGPA (Absolute)*

Relevant Coursework

- Data Structures
- Algorithms Analysis
- Database Management
- Machine Learning
- Operating System
- Computer Networks
- OOPs(C++)

Work Experience

Oasis InfoByte Certificate   **March 2024 – April 2024**
Web Development intern   *Remote*

- Build an Authenticator for Login and Signup, Tribute page, Calculator and To-Do list.
- Successfully executed a diverse range of 4 tasks autonomously, showcasing to remote work environments and achieving a productivity increase of 40 Percent.
- Completed internship ahead of schedule, delivering exceptional results, reflecting great working experience.

Projects

Weather App —HTML, CSS, JavaScript   **December 2023 – Febuary 2024**

- **Provide Real-Time Weather Data**: Offer current weather information, including temperature, humidity, wind speed, and weather conditions.
- **User-Friendly**: Ensure the API is easy to integrate and use, with clear documentation and examples.
- This Weather App API project aims to provide a robust, scalable, and user-friendly solution for accessing weather data.
- **Key Technologies/Tools**: HTML5, CSS, JavaScript, Nodejs, Responsive Design, Git/GitHub.
- **Source Code**: ⭘ https://github.com/djgupta7/Weather-API-using-html-css-Nodejs-JavaScript

Real Time Chat App — MERN Stack and Socket.IO   **October 2023 – November 2023**

- ∗ Developed a real-time chat application with features such as private messaging and group chats.
- ∗ Utilized WebSockets (Socket.io) for instant message delivery
- ∗ Implemented secure user authentication with JWT and Bcrypt,
- ∗ **Key Technologies/Tools**: React.js, Node.js, Express.js, MongoDB, WebSockets (Socket.IO), JWT, Bcrypt and Git/Github.

Technical Skills

Languages: C, C++, HTML, CSS, JavaScript, Tailwind CSS, Bootstrap
Tools: VS Code, GitHub, Sublime Text Editor, CodeBlocks
Databases: MySQl, Firebase
Technologies / Operating System: Windows, Linux

Achievements

- Conquered **500+** LeetCode DSA problems, peaking at **1800+**, showcasing relentless dedication and mastery. Link.
- Earned a prestigious 3-star rating on CodeChef, showcasing proficiency and dedication in competitive programming.
- Secured a commendable **71th position** in the prestigious Coderush Challenge 2023, an intra-college coding competition hosted by AlgoUniversity. Certificate.
- Attained a noteworthy **20th place** in the highly-regarded Coderush Challenge 2024, a rigorous coding contest hosted by AlgoUniversity.
- Secured 2nd place in the prestigious Stock Market Competition hosted by Stock Grow

Certifications

ServiceNow Certified Application Developer   **Issued - September 2024**

- **C**ustom application developed using Studio IDE and Flow Designer, automatic workflows.
- **D**ata models designed with tables and scripts, integrating seamlessly with ServiceNow modules.

ServiceNow Certified System Administrator   **Issued - September 2024**

- ∗ Expertise in ServiceNow Platform architecture, managing UI, tables, schema, user administration, and access control.
- ∗ Configured forms, lists, dashboards, and automated ITSM workflows using Flow Designer.

Extracurricular

- **Computer Science Expert** at chegg, Providing expert assistance and clear solutions for computer science problems. Certificate.

- Trading experience of 2 years in Indian stock market and Experienced in Technical Analysis
